MEMORANDUM TO: Governor Adams

FROM: Bernard M. Shanley

Yesterday I talked with Assistant Attorney General Warren Burger, who will have the responsibility of defending any action under the security order. He indicated that he had not yet had time to study it but would very shortly. He is aware that this will also include the regulations.

This morning I met with Philip Young and we also discussed the order and regulations. He is going to study the regulations which will take a few days after they are received from the Attorney General, who was surprised to hear he had not seen them. Phil will report back to us for discussion of the regulations and order. The regulations may plug some of the holes which seem to be apparent in the order itself.
